FOR IMMEDIATE RELEASE:

CANADIAN MEMORIAL CHIROPRACTIC COLLEGE PURCHASES NEW CAMPUS

Toronto, February 4, 2002—

The Canadian Memorial Chiropractic College (CMCC) is proud and excited to announce the purchase of a new campus at 6100 Leslie Street in Toronto. CMCC took possession of the new premises on January 31, 2002, but will be leasing back to the vendor until July 2003 at which time they will be preparing the building for occupancy in 2004.

"This is a very exciting new step for CMCC," said President of CMCC, Dr. Jean Moss. "The students, staff, and faculty are counting down the days. The benefits of the new campus are obvious and many. Moving to the new building will once again bring us all together in a single location and will provide us with state of the art facilities. It's a great move for CMCC, and great for the chiropractic profession."

Features of the new campus include: a cafetorium, swimming pool, double gymnasium, and good access to TTC, GO Transit, a Community Centre and a Public Library.

To prepare the facilities for CMCC's use, CMCC will be re-launching its *Hands on the Future*® capital campaign this year. More details will follow as the next steps in this exciting new phase for CMCC unfold.

About CMCC

Located in Toronto, the Canadian Memorial Chiropractic College is a fully accredited, professional educational institution that has been in operation since 1945. CMCC is funded through tuition fees and private donations. Students must complete at least three years of university education before they are eligible for admission to the four-year, CMCC programme. Known around the world as a leader in chiropractic education, CMCC is committed to its proud tradition of offering excellence in education, advancing chiropractic research, and providing superior service to patients through its chiropractic teaching clinics.
